TB-21-DEC

We have shipyard who can build NEW building Vsl asf:

1 X 3,000DWT oil tanker
Epoxy, Coiled
China made m/e with Dahatsu license,
Middle/3Q 2024 delivery
Usd6.5Million, try less
5x20%

Pls kindly advise.

=====

For the newbuilding price, as broker, we estimated around USD 5.5M, delivery around 12-14 months after contract.

Vsl is coated for CPP AND ABT 3000 TDW

=====

We have a 2900dwt oil tanker newbuilding for resale.

Attached pls kindly see maker list, spec. Cummis(made in China) m/e, Taiko cargo pumps coated not coiled
Vsl is now locating in NINGBO city.

Pricewise Usd5.4M

The captioned Vsl is now at hull block building stage and can be completed/delivered within May 2023 year.

If you wish to inspect the Vsl, we also could arrange to have a look at her sister Vsl M/TELEGANT CREATIVITY in the same shipyard but sold to a Singapore Buyer. Attached pls kindly see photo of the sister Vsl.

Tanker market is very hot now. There are several buyers discussing with seller.

Regards
TB-20-DEC

EXCLUSIVELY in our hands, unique DB clean tanker freshly open for sale direct from close owners.
She was strongly built with large M/E 10,800 ps.

Sellers are inviting outright offer by noon 25th Jan 2023 Japan time.
Delivery Japan as is around early April 2023.

TB-29-JUN

We can freshly develop for sale the following Dalian built VLCC tanker.

No official price ideas – Owners will sell at best subject to competition only.

M/T ATLANTIC LOYALTY

FLAG LIBERIA

Abt 307,284 DWT on 22.70m

Built: 04/2007 Builder: DSIC

Class: LR SS/DD due 10/2022

LOA: 332.91m x Beam: 58.08m x Depth: 30.99m

Cargo Tanks Total: 17

Liquid Cubic (98%): 334,615cbm

Cargo Pumps 3 @ 5,500 M3/hr

Heating Coils: No Heat Exchangers: No SBT: Yes COW: Yes IGS: Yes CLS: Yes

Engine Designer: Wartsila Diesel O/Y Model: 7RT-flex84T MCO: 39,972 RPM: 76

Generators: 3 x 1,200kW 450V 60Hz a.c.

Subtype: CODP

Hull Type: Double Hull
LDT: 44,000lt

All details wog

Itinerary:
Currently spot in Yeosu, Korea where inspectable/deliverable.

Best Regards,
TB-30-JUN

MT CHALLENGE PHOENIX: 2007-Built STX Deepwell MR Type

We are now able to develop the following deepwell, BWTS-fitted IMO 3 MR type from Tokyo-based Sellers:-

MT CHALLENGE PHOENIX

Singapore flag / IMO no. 9349203

Built October 2007, STX Shipbuilding, Korea

Class LR – DD due Aug 2023 / SS due Sep 2025

47,996 dwt on 11.89m ssw

30,053 GT / 12,159 NT

LOA 183.00m LBP 173.90m beam 32.20m depth 19.20m

12 + 2 x pure epoxy coated cargo tanks

Total capacity abt 53,541 cbm @ 98 pct (including slops)

12 x 600 cbm/hr + 2 x 300 cbm/hr Framo deepwell cargo pumps

Deck heat exchangers for cargo tanks / stainless coils for slop tanks

Inert Gas Generator fitted

Double hull / SBT

BWTS fitted – Sunrui BC-1500

A/Es 3 x STX 6L23/30H, each 795 kW

M/E STX MAN B&W 6S50MC-C8.1, m.c.r. 9,960 kW x 127 rpm

----- all details are given in good faith but without guarantee -----

Exact timing of the sale and delivery are not yet decided; Sellers want to register interest to purchase the Idwal report (US 1,000-) first.

Please register your named interest with us.

Thanks and best regards

We can again develop for sale the subject vessel from direct owners. Vessel is CAP1 CPP trading product/chemical tanker.

- Inspection report available from IDWAL carried at Balboa, Panama 15th May 22.
- Best offers invited - sellers terms available if of interest.
- Delivery Panama, UKC/Med range 4th November / 31st January.
- Owners can consider 1-2 years TCB.
- Ship is currently at Tuxpan for discharging, prospects thereafter unknown.
- Regarding the BWTS installation - Sellers can confirm due to works already carried out during last DD and requirement of BWTS maker (DESMI), BWTS can be installed without entering dock. USCG exemption is until 03/2023 and IMO exemption is until 09/2024. Next out of water survey is 09/2024. BWTS and engineering works to be novated to Buyers. System cost is USD 240k + USD 30k for engineering works + delivery.

PNC might develop for sale

MT CITY ISLAND

Built 2007 Fukuoka Nagasaki, 19,996 dwt, 20 x SUS 316L tanks, N2 fitted, BWTS fitted, next DD June 2025 for which sellers want \$17 million.

The ship is currently in Stolt's stainless pool and can deliver charter free within 3 months from MOA signing, so sooner than any other of these units.

Attached are the main plans and particulars for CITY ISLAND, which was originally built for Fairfield as Fairchem Bronco.

Included is an evaluation of the cost & performance of energy efficiency measures which could be implemented in order to improve the Vessel's EEXI score.

Please note that the Vessel is equipped with an Erma First BWTS, which was installed at last drydocking.

The Vessel has recently been trading between the Arabian Gulf and China. We are now checking the schedule to confirm where she might be inspectable.

Regards

TB-30-NOV
